

WCSC Reschedule Procedures

The rescheduling of games affects many people and takes time.

If you have a valid need to request a reschedule, please follow this procedure to have your request considered. Not all requests can or will be approved.

If you need to reschedule a game for reasons other than rain-out, notification must be to us no less than 10 days before the originally scheduled game date.

Only 1 reschedule request per team will be considered.

To request a reschedule: **(procedure is the same for rain-outs)**

- You need to call the other coach and determine 3 alternative nights to play.
- You and the other coach need to agree to a date **10 days in advance of the originally scheduled time** and have alternative dates suggested.

After gathering ALL the required details:

- You are required to email Marcie Rosenston at rosenston@fuse.net with your request for consideration and include the following:
 - Both coaches' names and team info
 - Example: girls wings or boys passers
 - Date, time and field # of original game
 - Reason for the request for game change
 - Preferred make-up date, followed by 2 alternative dates
 - Your email address, this is how you will receive your reply

Once you have gotten the email confirming the reschedule:

- You need to contact the opposing coach to let him/her know all of the details concerning the reschedule. Please get a confirmation from the opposing coach.
 - Date
 - Time
 - Field

FYI: If you are the visiting coach -- bug the heck out of the home coach until it gets rescheduled. If they are having problems getting fields – Marcie may be able to secure a field at Hopewell ~ they would need to bring their own referees or pay ours at the WCSC rate.

As a reminder, not all requests can be approved.
