

No Pets, Please!

Pets are discouraged from attending games.

Many people (adults included) are afraid. Pets are a distraction for young players.

Pets could be injured by a kicked ball, a player running to get a ball, or when the pet gets loose and runs on to the field during the game.

We have found that many adults do not take a moment to clean-up after the animal and then the pile of poop is there for others to step in.

As a reminder, pets are banned from most parks / fields in the SAY North League!
